 ETHIOPIA: THE KINGDOM OF GOD SERVICES

December 16, 2010

ታኅሣሥ ፯ ቀን፣ ፳፻፫ ዓ. ም.

His Excellency Mr. Barack Obama
 President of the United States of America
 The White House, 1600 Pennsylvania Ave., N.W.
 Washington, D.C. U.S.A.

Greetings in the Names of
 The Incarnate God Jesus Christ and His Holy Mother The Virgin Mary!

Your Excellency:

I am a servant of Ethiopia: The Kingdom of God. I write to kindly remind you of The Divine Truth that we, in this service, do believe that God The Holy Spirit, through the voice of the people, had elected and appointed you to the highest and powerful office. So also do we believe that it is He Who continues to provide you, along with your family and officials, the strength and protection to discharge your duties and responsibilities as the Head of State and the Supreme Executive of your great country and as the Leader of world superpowers.

In the face of today's precarious and explosive world situation, needless to say that your unwavering faithfulness to Him and your confidence in Him ought to remain truly firm and strong to the last in order for you to succeed in your national and international commitments. I sincerely hope that you had realized long ago that you needed Him desperately; and He is there in you, inspiring and guiding you to do all the good things as He had done so far to you and your family. The fruit of your faith in Him bears that witness.

Under such circumstances, no doubt you will never succumb to any physical, mental and spiritual forces that are embodied in the martial and financial, political and religious establishments of evil nature, but prevail in all your positive ventures.

...2

I discern from the kinds of your accomplishments, you seem to me to harbour deep in your heart and mind that you are not endowed with the august position of authority and power simply to serve the will of your people and the interest of your country alone, but also and equally to serve the Universal Divine Purpose He designed for all humanity and His Creation.

Whether you and I, and every one of us are aware of it or not, accept it or not, this is The Divine Truth that is embedded in our innermost selves where The Kingdom of God was inherently founded and developed gradually to remain there eternally. There is a time, and that is today, when That Divine Kingdom will reveal Itself to each one of us in particular, and to the whole world in general.

As a Christian, you know that if you trust Him in The Divine Truth and Spirit, He will never let you down, but empowers you in all adversities and vanquish all the the evil that attempts to dare confront you. This is the Holy Covenant that God made with humanity in His Divine Truth and Holy Spirit. It never waver or fail in Its Promises. The human partners of the Covenant are always the ones who commit the breach.

Mr. President: I enclosed herein my book entitled **Ethiopia: The Classic Case** for your perusal. It provides details about the issues aforementioned. The book is small in size, but it carries the uniquely and infinitely great Message from The Benevolent Almighty and His Human Mother to be delivered to the generation that you, as a medium of the Divine Truth, are currently serving so wholeheartedly and effectively.

While, on the one hand, the Divine Message conveyed in the book gratifies the universal human quest of and provides the definite answer to "WHO AM I?", on the other, it specifies the calamitous price to be paid for the distortion of the same. The essence of this statement is best epitomized in the following words:

As long as individuals remain faithful to their True SELF, they will find themselves living embodiments of The Divine Truth. And this is The Divine Truth: **Every human being is a living entity created by the Creator in the IMAGE of the Creator which is in Trinity of the Soul, Body and Spirit so that the same creature thinks, speaks, acts and lives like the CREATOR in truly knowing and freely making his/her own choice of the Good from the Evil in a perfect universe prepared for the enjoyment of his/her existence.**

The source of all problems and tragedies experienced by humanity in general and by the individual in particular, is simply THE UNWILLINGNESS TO ACCEPT OR THE REJECTION OR THE PERVERSION OF SUCH INHERENT HUMAN STATUS OF DIVINITY by the same.

One's innermost SELF recognizes this reality in self-examination of transcendental meditation. The priceless Gift of the Creator to His Creature in His image is the capacity for the latter to Know his/her true self. This Divine Knowledge whose eternal attainment remains the essence and culmination of the life of the individual as well as that of the whole humanity, as set forth and granted by the Creator, and aspired and cherished by His creatures constitutes YOU, ME and EVERY FELLOW HUMAN BEING.

Such is the revelation to be acquired by reading this small BOOK. Please accept it as a humble Christmas Gift presented to you and to Mrs. Michelle Obama as well as to your family from my wife, myself and my family.

Also, enclosed is my single-verse poem entitled "Thank You America!" whose message is direct and quite clear; it was published some years ago with a crucial purpose articulated therein. In connection with the message of the poem, I have an important suggestion to make for your consideration. Here it is:

Counting on the successful relationship and historical experiences the **Ethiopians of The Kingdom of God in the Holy Covenant** had with the pioneers of the religion of Islam that resulted in positive and peaceful coexistence in the past and to this day, I would like to avail myself of this opportunity to share with Your Excellency in person the viable option of bringing about an appeasement if not a lasting solution to the war that is instigated by Muslim extremist-inspired terrorism and currently raging internationally, with your country obviously leading the campaign. Such goal can be achieved by means of possible approach and engagement of dialogue and negotiation in The Divine Truth with those belligerent groups and Muslim nations that sponsor them and condone their activities.

Taking the lesson from the never-ending strife between Israel and Palestine, it is worthwhile to note here the impossibility of coping with and ending a religious war (in this instance, the one that is waged by the Muslim terrorists) by simply staging and applying a counter-offensive with military might, colossal economic aid and/or political ingenuity. That is not the lone and last resort. It is easier and more realistic at best to negotiate and make compromises with, and at worst to approach and engage in a counterattack, a religious misconception by means of reciprocal presentation of religious conception rather than attempting to utilize material or secular course of action. Spiritual challenge could only be confronted with and tackled by the employment of corresponding spiritual counterpart.

The mention of the issue of terrorism prompts me to enclose a copy of the letter I wrote to your predecessor President George W. Bush to that effect immediately after the 9/11/2001 brutal terrorists' attack on your mainland, Washington, DC and New York. I hope you will look at it as it remains a lasting reminder to every incumbent of the White House of that cataclysmal event of universal dimension and the Divine Message that ensued it.

Assuring Your Excellency of our constant prayer for the wellbeing and success of your person and your family as well as for those of your people and country,

In The Holy Covenant of God with Humanity,

Very respectfully and truly yours,

Ermias Kebede WoldeYesus, (Nibure-Id)
Servant of Ethiopia: The Kingdom of God

**Ermias Kebede Wolde-Yesus,
Nibure-Id** (Emeritus) of Axum Zion and
Servant of Ethiopia: The Kingdom of God**

****Nibure-Id is a unique title and office, conferred upon an Ethiopian by the Atsie (a crowned and anointed Head of State of Ethiopia). It is an embodiment of the State, possessing the unified powers of the three Houses of the Kingdom of God (The House of the People, the House of the Priesthood and the House of the Administration, i.e., the three branches of the Government: the Legislative, the Executive and the Judiciary).**

The terror of 9/11, presaged in the Divine Message addressed to the international community including the American people and published in my book entitled *Ethiopia: The Classic Case*, inspired the poem "Thank You America!"

At the time of the brutal onslaught of the terrorists, I was seated with my family in my home, in Addis Abeba, Ethiopia, celebrating the Ethiopian New Year, 1994, after returning from the long sojourn in U.S.A. as an asylee. I wrote a letter to H.E. President Bush to that effect immediately. (A copy of the letter is attached hereunder and posted on the Letter Forum of our website.)

Six months later, my commitment of personal services to my Ethiopian expatriates brought me back to America. Fortunately, my stay coincided with the July 4th Independence celebration, on which occasion I was spiritually motivated to deliver the Message embodied in my letter aforementioned, this time in my own person. I condensed the Divine Message into the poem, entitled "Thank You America!" As the epitome of the Message, I brought it to the attention of the public on July 4, 2002 Independence Day by displaying it as a placard hung from my shoulder on the front and back, and walking half bare-foot under the muggy hot sun, clothed in my native toga trimmed by the Ethiopian flag, from the White House via Constitution Ave., the Mall and Independence Ave., to the Congress and the Supreme Court buildings, distributing on my way to individuals a flyer prepared for the occasion.

His Excellency Mr. George W. Bush
President of the United States of America
The White House, 1600 Pennsylvania Ave., N.W.
Washington, D.C. U.S.A.

Your Excellency:

First of all, I humbly and solemnly ask you to accept my condolences for that multitude of families who lost their loved ones in the recent terrorist brutalities. Then, I extend to you, the First Lady and your family, as well as to your great people, Ethiopian New Year Greetings of the 1994 Era of Divine Mercy from Addis Ababa, Ethiopia, in the Names of Our Lord Jesus Christ and His Holy Mother, The Virgin Mary.

We thank God for keeping you and your beloved ones safe after the horrendous act of "terrorism" that took place in both Washington DC and New York City. As every humane person in the world felt, my family and I were shocked by the terrifying news of the calamity that reached us from USA in the middle of our New Year's Celebrations in Ethiopia. We were stunned by the fact that the two events, though far apart and unlike, both were ordained to coincide on your September 11, and on Ethiopian 1st day of the New Year, Meskerem 1, 1994. This date bears prophetic significance based on Biblical Covenants which verify the precise chronology of the Divine Cycle of Seven Years that remains before the end of the Millennium of the Biblical (Ethiopian) Calendar.

Hence, I am confident that the Lord will grant you and the American people the spiritual, physical and mental strength to cope with the agony and hardship you and your people are currently going through. You will also come out triumphant in your struggle for full restoration, renovation and revitalization, *provided you abide by your Christian faith and deed that are rooted and instituted on the Biblical Covenants and preserved for millennia by Christians, as described in the enclosed book.*

While contemplating on the horrifying news, my family and I came to ask ourselves: What are we to make of this colossal tragedy? What is the Divine Message that God conveys to humanity in general and to the people of the United States of America in particular through this appalling catastrophe of global dimension? Why do the eternal Priestly King Jesus Christ and the eternal Virgin Queen Mary, His Holy Mother, allow this monstrous affliction to happen at such universal crossroads of time and space?

Does it mean that we all, as individuals and as nations, are called upon to examine our inner selves profoundly and spiritually with the aim to find a cause for repentance to God, to ourselves and to each other? What amount of price have we to pay and for how long should we hesitate to realize that *Islam* is nothing but a scourge that came forth and is reserved to chastise Christians whenever and wherever they sin against their Biblical God of the Covenants?

Under the circumstances, in which the human nature of bigotry, recalcitrance and intransigence dominates, (and this is manifest in the multiple atrocities of the present generation,) the faithful of God have only one option. That option is to wait, in prayerful vigilance, for the time to arrive when individuals would, of their own free will, come to their senses and, with sincere mental resolve, make critical choices. The first choice would be for them to deny, in public witness, the Evil Spirit of Wickedness and Death, called the Devil, the notorious arch agent of destruction who seems to prevail and control their lives today as ever. The second and almost simultaneous or immediate choice would be to accept and be invigorated by the Holy Spirit of Goodness and Life of the Almighty God. As a result, the survival in this world of such repentant individuals singularly and of their nations collectively will definitely be replete with the sweet fruit of life, secured as a house built on a solid rock, and crowned with a lasting success. This is the genuine repentance -the obligation of a Christian -a commitment required of us, as individuals, as a family and as a nation: the simple terms and conditions for reconciling ourselves with the Living God. (Mt. 7, 24-27; 10, 32-33; Mk. 1, 14-15; Jn. 9, 39-41; Lk. 13; Rev. 17-19)

Now, once again, in the fulfilment of my Ethiopian duty, I am prompted and obliged by the ongoing tragedy to write you this letter. It reminded me of the timely warning constituted in the Divine Message that was initially contained in the booklet I sent in 1996 to your predecessor, Mr. Bill Clinton by a registered mail from my exile-residence in the metropolitan area of Washington D.C. and later published in USA in 1997 in my book entitled *Ethiopia: The Classic Case* which I enclosed you herein. General Colin Powell, the incumbent Secretary of State of your Government, was among those American officials and personalities pertinent to the case who received from me copies of that Divine Message at that time. Surprisingly enough and to the detriment of your country and people, none of them, including Mr. Clinton, bothered to answer me in any way, even acknowledging, through their private secretaries, receipt of my mail. The Rev. Dr. Billy Graham, the acclaimed American evangelist, whom I personally met some decades ago in New Delhi, India, at the 3rd assembly of World Council of Churches, went even further in his impropriety, to sending me back the whole package of the mail with a note from his staff member stating that he had no desire to receive and keep it, let alone read it.

This misconduct was also an unfortunate misjudgement that came up in contrast to the reaction of several other world leaders who had received my mail and responded to me appropriately. I hope, this time, that attitude in the White House and elsewhere would change for the better, especially since the perception of Your Excellency and your party on such issues would undoubtedly be a positive, serious and Christian one.

Mr. President! I have enclosed, with humility and fidelity, a copy of the book aforementioned where you will find the list of names who had received my mail that carried the Divine Message worldwide and in the United States. Let this small and materially unworthy gift show my deep concern for your cause and my share of spiritual support in the challenges that face you now and in the days ahead. Beside your perusal of it, I earnestly suggest that you urge your officials and the American people, to read it for their own sake. It will help them acquire a more comprehensive understanding of the current situation and trend of events in the world, at least from the Ethiopian perspective. Copies of the book can be obtained from Barnes & Nobles Bookstores through the Internet or from my son Semaete Ermias who could be reached through our Washington DC and Maryland addresses printed in the above letterhead.

Assuring you the continuance of our constant prayers for the consolation and recovery of your nation from the present predicament and asserting my highest esteem and best wishes for Your Presidency,

In Christ Jesus and His Holy Mother, The Virgin Mary,

Very respectfully yours,

Ermias K. WoldeYesus, Nibure-Id
